DETAILED ACTION

The amendment filed on 11 March 2004 has been entered and overcomes the rejection of claims 10-14.

Allowable Subject Matter

1. Claims 10-14 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding independent claim 10, the prior art of record neither shows nor suggest a method of manufacturing a plasma display panel comprising: coating a paint for forming an insulating film onto a member of a plasma display panel that comprises an inorganic material on a surface of the member, the paint comprising inorganic fine particles (a), a binder resin (b), and a solvent (c) that forms a contact angle of less than 5 degrees with the inorganic material of the member; and forming an insulating film on the member from the paint.

Due to their dependency, claims 11-14 are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
